

Federal body tasked with overseeing U.S. certification of e-voting systems appoints scammer Edwin Smith, VP of e-voting companies Sequoia, Dominion, Hart-Intercivic...

Incredible. This would be the equivalent of appointing the sitting Vice President of Exxon Mobil to an EPA advisory committee, but Ed Smith has now been appointed to the disastrous U.S. Election Assistance Commission's (EAC's) Technical Guidelines Development Committee as one of their new "Technical and Scientific Experts."
