

Doctor: 90% of war casualties at Gaza hospital were civilians

Saturday, 05 September 2009 15:28 - Last Updated Saturday, 05 September 2009 15:31

Ninety percent of casualties brought to Gaza's main hospital during Israel's winter offensive against Hamas were civilians, according to a new book by one of Norway's most famous and controversial physicians, Dr. Mads Gilbert.

The book, scheduled to be published this month under the title "I in Gaza," recounts Gilbert's experiences as a volunteer at Shifa Hospital in Gaza City and focuses on individual stories by patients and medical staff.
