

How does Israel explain the executions, the shooting of Palestinians point blank in cold blood? How does it justify Israeli soldiers shooting Kassab Shurrab with five bullets across the chest as he came out of his car with his hands to his side, especially as one of the Palestinian hostages sitting blindfolded by the soldiers heard the commander tell the soldier in Hebrew to shoot the civilians that were driving down the road. What about the two daughters of Khaled Abed Rabbo, Amal, age 2, and Suaad, age 7, murdered by an Israeli soldier using a semi automatic rifle before their father 's eyes as the other Israeli soldiers ate chips and chocolate? Let us not forget about Sameer Rashid Mohammad Mohammad, a 43 year old UNRWA worker, who was separated from his family by Israeli soldiers and taken to a separate room and shot in the chest?
