

On last 28 March 2009 I went to a charity event in solidarity with the Palestinian victims in Gaza and which had the purpose of raising money to finance a Physical Therapy Center in Gaza, according to Dr. Tariq Afifi, who headed the event. Dr. Hassan Najjar, the Chairman of the Association of Arab Doctors in Europe, said in his address, that “three months after the barbaric Israeli aggression on the Palestinian civilians in Gaza Strip, it is necessary to work together to establish a museum which documents all the past and current Israeli war crimes, genocide and the blockade in Gaza”. This bold and strong proposal, to open a museum documenting the Israeli war crimes proposed by Dr. Najjar was widely welcomed attendants to the event, among them many doctors, diplomats ambassadors and intellectuals and artists.
