

Renowned Chinese-English physician Dr. Swee Ang gave a moving testimony on Saturday of Israel's destruction in the Gaza Strip as witnessed in her recent trip to the tiny Palestinian enclave. "Cluster bombs, deliberate assassinations of whole families that they would line up and shoot," Ang said as she listed a number of acts committed by Israel during its 22-day assault on Gaza in December and January that left over 1,400 Palestinians dead.

"The Israelis would wait until the ambulances got the wounded and then attack them, killing and injuring the drivers," she continued.
