

America's Scouting movement is fighting to keep secret thousands of "perversion files" on suspected child molesters after it was ordered to pay record damages over the sexual abuse of a former Scout.

In a growing scandal threatening to rival the crisis hitting the Roman Catholic church, the Boy Scouts of America has been accused of covering up decades of child abuse in order to protect the reputation of what is now a billion-dollar organisation.

The judge in the case overruled the Scouts' attempts to keep the jury from seeing about 1,200 files kept by the organisation on suspected paedophiles. Kelly Clark, Lewis's lawyer, told the jury that while the files were often used to remove child abusers from the Scouting movement, many were allowed to remain in the organisation. He said that the Scouts rarely alerted the police and when they did, the movement asked the authorities to avoid publicity.

TVNL Comment: And the Boy Scouts is just another "Christian" organization. So much for religion (again). Here is their oath:

**On my honor I will do my best
To do my duty to God and my country
and to obey the Scout Law;
To help other people at all times;
To keep myself physically strong,
mentally awake, and morally straight.**

So much for doing their duty to God...makes you think about what the assignment was in the first place!
