

CBS Evening News Investigates Little-Known, Problem-Ridden Process That Could Endanger Your Vote.

The Brennan report calls the nationwide process "chaotic," "shrouded in secrecy", "riddled with inaccuracies", "prone to error" and "vulnerable to manipulation."

"What's wrong with the process is it's happening in secret. It's happening with no accountability," Michael Waldman, the center's executive director, told CBS News.

TVNL Comment: Little known? This has been reported since the 2000 election coup! Everyone outside the establishment have been screaming about this! And it's "news" to CBS? Incompetence or conspiracy?
